One Step Closer to Outings!

Thank you to the wonderful staff and technicians at Walgreens! They have been extremely accommodating and considerate of our population and their special needs during the first round of our vaccines. This month we begin the second round of COVID-19 vaccines for our residents and front line workers and are excited about the impact this will have on our ability to safely get out and about more soon!

Did You Know?

- Angelwood opened in **1993** with one group home. By 2014 we had purchased our sixth home, growing to meet the demands of families in our community who needed services for their loved ones.
- Angelwood employs almost **100 people** in our group homes, day training program, and administrative office. While some services had to be cut back and temporarily suspended, our group homes were ALWAYS hopping and we kept in touch with those we had to miss for a while.
- In 2019 we averaged almost **500 volunteers hours each month**. We can't wait to have volunteers back at our day training program, group homes, and summer day camp!
