## Have Mask, Will Work!

After almost a year of staying at home due to Covid-19 restrictions, Heather is looking forward to going back to her job! She reported that she is excited about seeing everyone and that they have missed her. Heather's position is helping in a school lunchroom by cleaning up breakfast and prepping items for the next day. The only big change is that Heather will need to wear a mask while working. Pictured is Heather holding her Hometown Hero Award that she received a few years ago for her fantastic work ethic, can do attitude, great relationships with students, dedication, and excellence. We hope you enjoy getting back to work Heather!
