

JUNE - 2021

Celebrating Accomplishments!

Congrats to two of our Career Development & Education Center participants for their growth and accomplishments! They were recognized in May for their hard work during the transition to our new space. They have put forth an effort to show their peers how to work on new activities and they are eager to enhance their work skills. Way to go!

Annual Celebration: Soaring Possibilities

Mark your calendar for **Saturday, August 21, 2021** for the Angelwood Annual Celebration: Soaring Possibilities! This year will be a bit more casual with a beach theme but we will still have all your favorites - auctions, dinner, cocktails, award videos and dancing! If you are unable to attend we will be live streaming from our Facebook page starting at 8:00 PM. Whether you are in the ballroom or online, we are grateful you are part of our caring community!

Sponsorship Opportunities: Show your support of Angelwood by sponsoring the Celebration! Questions? Please contact Damara Farwell at dfarwell@angelwoodjax.org.

Spotlight on Supported Employment

Supported Employment is an Angelwood program that assists individuals with obtaining and maintaining employment. Participants learn about proper work attire and hygiene, workplace etiquette, how to build a resume, apply, and interview for a position. Both on-site and on-going support is provided once a job is obtained. Our job coaches work with each individual through all the steps of finding, applying for, obtaining, and retaining competitive employment in the Jacksonville community. Supported Employment helps promote an inclusive, integrated workplace, and helps provide additional opportunities for income, experience, and independence.
