## Introducing Tyler

There is only one word to describe a weekend in Tyler's life - BUSY! He and his housemates are always on the move from visiting Riverside Arts Market, going to movies, walking along the St. Johns River, beach days, museum trips, and so much more. Tyler said his favorite thing about his bedroom is that it is painted pink and that he can listen to his favorite music and watch horror movies. But don't worry - he said that they don't scare him at all! When asked what he most likes about his house he said, "I like that the staff take care of me and feed me well." Tammy Wallace,

Program Supervisor, says that Tyler brings a lot of humor and movie knowledge to the house. During the week, Tyler enjoys attending the ADT and working on card stamping, making collages, and watering the plants in the sensory garden.
